## Korona garancije

Naš se svijet posljednjih mjeseci potpuno preokrenuo. Vanredna situacija u vezi sa Covid-om promijenila je naše prioritete i snažno je uticala na naše odnose, rad, slobodno vrijeme, društveni život i školske aktivnosti. Međutim, naša velika strast za skijanjem ostala je nepromijenjena i jedva čekamo da se zajednički spustimo divnim padinama. Za kupovinu ski karata 2020/21 važi korona garancija. Ukoliko se zatvore granice ili osoba oboli od korona virusa, neiskorištene ski karte mogu da se prebace za sezonu 2021/22 ili je moguće izabrati povrat novca 80% od uplaćenog iznosa.

## Korona procedura za skijalište Jahorina

**Fizička distanca** – Redovi za čekanje su organizovani u skladu sa trenutnim propisima i održavanjem neophodnog rastojanja kako bi se izbjeglo okupljanje grupa kako na otvorenom tako i u zatvorenom prostoru. Neophodno je održavati rastojanje između lica minimum 2m te voditi računa da se izbjegava nepotrebni bliski kontakt sa ljudima.

**Dezinfekcija ruku** – U kabinama gondole i na polaznim i izlaznim stanicama žičara i liftova, ski poligona, ulazu u ski vrtić kao i u svim zatvorenim objektima (restoran, Souvenir Shop, ski kasa, javni WC itd..) su dostupna sredstva za dezinfekciju ruku.

Ne samo da smo preduzeli sve neophodno za što bezbjedniji zimski odmor i zaštitu zdravlja za sve goste i zaposlene na Jahorini nego i sa velikom posvećenošću i entuzijazmom smo pripremili zimsku sezonu 2020/21. ## Jahorina

Ukoliko krenete tragom Olimpijskih igara, jedna od najljepših planina u BiH očekuje vas u svom najraskošnijem izdanju. Davne 1984. godine Jahorina je bila jedna od pozornica zimskih Olimpijskih igara koje su se tog februara održavale u Sarajevu. Na jahorinskim stazama takmičila su se tada najpoznatija skijaška imena. Jahorina je te godine bila simbol prijateljstva i mira, planina koja je promovisala sve vjere, kulture i tradicije što i danas radi. Jahorina, smještena u srcu Balkana po svom sastavu pripada dinarskom planinskom masivu i od ikona je čovjekov najfascinantniji prirodno - geografski element. Impresivna snagom svoje pojave, sa najvišim vrhom Ogorjelica s visinom od 1916 m, Jahorina je na spoju hladne kontinentalne i tople mediteranske klime. Takva klima pogoduje velikim količinama sniježnih padavina pa je na Jahorini prosječan broj dana sa sniježnim pokrivačem preko 145, a visina sniježnog pokrivača može narasti i do 5 m.

## Jahorina

If you follow the footsteps of the Olympic Games, one of the most beautiful mountains in BiH awaits for you in its most magnificent edition. Back in 1984, Jahorina was one of the stages of the Winter Olympic Games held in Sarajevo that February. The most famous ski names competed on the Jahorina slopes at that time. That year, Jahorina was a symbol of friendship and peace, a mountain that promoted all religions, cultures and traditions, which it still does today. Jahorina, located in the heart of the Balkans, belongs to the Dinaric mountain massif and has been man's most fascinating natural-geographical element since ancient times. Impressive in the strength of its appearance, with the highest peak Ogorjelica with a height of 1916 m, Jahorina is at the junction of cold continental and warm Mediterranean climate. Such a climate favors large amounts of snowfall, so the average number of days on Jahorina with a snow cover is over 145, and the height of the snow cover can increase up to 5 m.

## Jahorina

Sarajevo glavni grad BiH, ujedno je i najbliži veliki grad, od čijeg aerodroma se do Jahorine može doći na dva načina. Prvi vodi preko Istočnog Sarajeva (put dug 31 km) a drugi preko Pala (put dug 37 km). Jahorina je od Banja Luke udaljena 210 km, Ljubljane 540 km, Podgorice 260 km, Zagreba 400 km (preko Slavonskog Broda, nap.a.) a od Beograda (preko Zvornika) 320 km. Svaki narod ima svoju planinu, grci - Olimp, srednjeevropski narodi – Alpe a Srpska kultna planina je Jahorina - ponos Republike Srpske, Bosne i Hercegovine.

## Jahorina

Sarajevo, the capital of BiH, is also the closest big city, and its airport can be reached in two ways. The first leads through East Sarajevo (31 km long ) and the second through Pale (37 km long). Jahorina is 210 km away from Banja Luka, 540 km from Ljubljana, 260 km from Podgorica, 400 km from Zagreb (via Slavonski Brod) and 320 km from Belgrade (via Zvornik). Every nation has its own mountain, the Greeks - Olympus, Central European peoples - the Alps and the Serbian cult mountain is Jahorina - the pride of Republic of Srpska, Bosnia and Herzegovina.

## O ski centru

Olimpijski centar Jahorina, jedan od najmodernejih ski centara na Balkanu proteže se od 1.300 do 1.880 mnv.. Skijati se može na 46 km alpskih i 10 km nordijskih staza a Jahorina se može pohvaliti i najsvremenijim sistemom za osnježavanje kojim je povezano cijelo skijalište. U svakom trenutku, perfektno uredene staze su povezane najmodernejim žičarama za prevoz skijaša i bordera, koje su ukupnog kapaciteta oko 17 000 skijaša na sat. Ljubitelji skijanja na Jahorini mogu izabrati skijanje na lakinim stazama, stazama srednje težine kao i na teškim stazama koje su prilagođene onima sa malo više skijaškog iskustva. 46 km staza pokriveno je sa jednom kabinskom gondolom, tri šestosjedne žičare, jednom dvosednjom, sa tri ski lifta a tu su još i dva ski vrtića sa pokretnom trakom, tјubing stazom i mnogobrojnim zabavnim sadržajima. Ski vrtići su prvo mjesto zabave na snijegu za mališane i početnike jer tu, baš tu, nastaju njihovi prvi skijaški koraci koje će možda za neke od njih odrediti uspješnu olimpijsku sudbinu.
